# MOTHER SHIPTON HAS NOTHING ON GLASMAN

"BALD EAGLE'S" PROGRESSIVE  
PROPHET COMES TRUE.

Many Months Ago Ogden Publisher  
Predicted the Swallowing of the  
Utah Bull Moose Bunch by the  
Followers of Woodrow.

While William Glasman, pub-  
lisher of the Ogden Standard, may  
be either the "Bald Eagle of the  
Wasatch," or the "Buzzard of the  
Wasatch," he is also something of  
a political prognosticator. When  
several months ago he bade good-  
bye to the Utah progressives he  
gave as a reason that he had dis-  
covered a coterie of self-appointed  
political renegades—who had in-  
trenched themselves in the leader-  
ship of the progressive party and  
who lived principally in Salt Lake  
City—were engaged in betraying the  
progressive voters in Utah. He  
stated that a cut and dried plan  
had been formed to fuse with the  
democrats and that he would not be  
a party to such betrayal of the pro-  
gressive voters of the state, and  
that he would much rather take his  
chances with the republicans in  
real reforms, than he made a fall  
to the democratic kite.

Immediately the democratic and  
progressive leaders publicly announ-  
ced that Mr. Glasman was mistaken,  
that there had not been a  
thought of fusion between the pro-  
gressives and democrats. The pro-  
gressive organ suggested that "Bill  
had a pipe dream."

Not only that, but some progres-  
sive leaders in Weber county as-  
sured Mr. Glasman that fusion  
with democracy was impossible, and  
yet these same Weber county pro-  
gressives went to Salt Lake City  
and not only voted for fusion, but  
made speeches in favor of the un-  
holy alliance.

"Think of it!" now says Glas-  
man, "Colonel Roosevelt made his  
big fight against bossism, yet his  
party in Utah is owned, controlled  
and sold into servitude by self-ap-  
pointed bosses. So well did the  
progressive bosses drive the machine  
it passed over all obstruction with-  
out even a squeak."

"We are reminded of the boa  
constrictor that chokes its victim  
and covers it with slime so that the  
swallowing process will be made  
easy. No boa constrictor ever per-  
formed an easier or slicker job than  
the democratic act of swallowing  
the Utah progressive party."

"How will the Utah progressive  
bunch harmonize its indomestment  
of the democratic candidate for the  
United States senate with Colonel  
Roosevelt's denunciation of the  
democratic administration and prac-  
tically all it has tried to accom-  
plish? In the East progressives  
and republicans are getting to-  
gether, in Utah it is the reverse. What  
is the price?"

"They claim that in return for  
giving the democrats a United  
States senatorship for six years and  
a supreme judge for four years the  
progressives receive the two nomi-  
nations for congress. The progres-  
sives get a chance to get two two-  
year terms in congress, while the  
democrats get six years in the United  
States senate and a four-year  
term as supreme judge. Was this  
unequal barter the price? If not,  
what was the cause of the fusion?"

# WORK IS VERY EXTENSIVE THROUGHOUT MIDDLE WEST

The United States department of  
labor has sent to Postmaster Smith  
data for work available for harvest  
hands. Forty thousand laborers  
are needed in Kansas, thirty thou-  
sand in Missouri and also thousands  
in the Dakotas and Oklahoma. In  
the latter place the harvest is al-  
ready on and by beginning in that  
state and working north hands can  
secure work for the next four  
months from \$2.50 and \$3.00 per  
day and board.

The crops this year are the larg-  
est in the history of the country.  
They are tremendous everywhere,  
but the percentage of increase is  
larger in Utah than in any other  
state in the union.

# SPINELESS POLICY

The New Tariff Law Is a Menace to  
the Country.

The revised tariff has been in  
force for more than seven months.  
The figures available show that  
since the beginning of last October  
to the end of last month exports  
decreased \$113,012,555, in compar-  
ison with the corresponding period  
in the previous year. At the same  
time imports increased \$23,625,492.  
As a result the trade balance for  
the seven months ended in April  
was less favorable by \$136,638,047  
than for the same months in the  
previous year. This is a very large  
shift, but its significance is made  
more impressive when it is noted  
that last month alone the altera-  
tion in the relation of imports and  
exports compared with the April  
figures of a year ago converted an  
export balance of \$63,896,848 to an  
import balance of \$10,271,572, a  
total change of \$74,168,420 adverse  
to the United States.

The New York Sun says the re-  
cent overwhelming republican vote  
in Pennsylvania is due to the fol-  
lowing democratic act: "A tariff  
that has decreased exportations, in-  
creased importations of manufactur-  
ed articles, a tariff for revenue  
that has produced a deficiency of  
revenue; the democratic policy of  
muddle and mix, foreign and do-  
mestic, fool attacks on business here  
and an unintelligible, grotesque,  
shuffling, hamstrung, spineless pol-  
icy as to Mexico."

# OGDEN PACKING COMPANY ESTABLISHED IN PRICE

Another large establishment has  
decided to make Price a distribu-  
ting point, the Ogden Packing com-  
pany. Frank R. Jewkes will be  
the resident agent with the Carbon  
County Commission company the lo-  
cal distributors. The Ogden Pack-  
ing company is another large Utah  
concern that is rapidly going to the  
front and is now establishing dis-  
tributing houses throughout the im-  
portant cities and towns in the  
state. The company has taken ad-  
vertising space in The Advocate  
and its first display announcement  
appears in this impression.

The effect of a state packing  
company means a great deal to pro-  
ducers of cattle, sheep and hogs  
and the time is not far distant when  
the raisers will find as good a mar-  
ket in Utah as by shipping to Mid-  
dle West points.

# Holiday Enjoyment.

Few things are more delightful than  
a holiday which has been well-earned  
by conscientious, earnest work, brave-  
ly done throughout the year. A com-  
plete change in surroundings, inter-  
ests and occupations should be part  
of a beneficial holiday. Resting does  
not mean idleness or cessation from  
activities or companionship.

# Novelty for the Invalid's Chair.

A most inexpensive but charming  
toy set for invalid's tray is a glass  
combination creamer, sugar and but-  
ter dish. The little crystal sugar is  
covered by the butter plate (as a lid),  
and it in turn fits over the creamer,  
so that all three may be fitted one  
into the other and take but little space  
on the tray.

# Loose Screw.

Very often a screw hole gets worn  
so that the screw will not stay in.  
To remedy this cut some narrow  
strips of cork and fill up the hole com-  
pletely, and then force the screw in.  
This will prove just as tight as if  
driven into a new hole.

fy, your fashionable neighbor?" "Only  
in a roundabout way. Her cat boards  
at my house."—Pittsburgh Post.

derful source of cheerfulness.—F. W.

# SCHOOLBOY WANTED

For steady, summer,  
part-time, easy work.  
Must be bright, neatly  
dressed, and under four-  
teen years of age. Give  
references and mention  
day and hour when par-  
ent will come with boy  
for interview. Good pay.  
Splendid training. Write  
to Box 6472, Advocate  
Office.

There was one time some bankers  
from Zion,  
Who all the time thought we were  
lyin'  
About being "the biggest" and hav-  
ing the most  
Of any old county from one coast  
to coast.  
But they came and they saw 'neath  
Carbon's old back,  
Her insides all full of coal that  
don't slack.  
"Well, eight beats word," said one  
of the bunch,  
And the rest then admitted we'd  
had the right hunch.

# "Forget It."

If any desire becomes insatiable—  
and the desire to succeed may be-  
come so—there may result the most  
exhausting emotions. Frequent de-  
spair and depression, irritability and  
unreasonable anger may be frequent  
with a man who is unduly anxious to  
attain what he calls success. He will  
think too much about his mistakes un-  
less some one dares to say to him, or  
he can say to himself, "Forget it!"

# Ancient and Honorable.

The word Gumbold, when used as a  
surname, has nothing at all to do  
with any part of the anatomy. It  
denotes that its first bearer was a  
man of considerable importance and  
great power in the state. It is de-  
rived from the Norse word "gum-  
bold," which itself has nothing to do  
with any affliction, but means "bold  
in war."

# River of Time.

Time is a sort of river of passing  
events, and strong is its current; no  
sooner is a thing brought into sight  
than it is swept by and another takes  
its place and this, too will be swept  
away.—Marcus Antoninus.
